

Parents of Middle School Youth You are invited!

Hackley Community Care-School Based Health Program and Muskegon Public Schools-Safe Schools Healthy Student Initiative is excited to announce that we have been selected to host the *Talk Early & Talk Often* parent workshop.

What is *Talk Early & Talk Often*? It is an initiative of Governor Jennifer Granholm that offers assistance to parents of middle school youth in developing the skills necessary to talk with their child about abstinence and sexuality. It is aimed at helping parents recognize and use opportunities to open the door for conversation, listen and respond with greater confidence and skill and to feel comfortable seeking outside sources of information.

We hope you will join us!

The program is free; however, space is limited so please call early to reserve a spot.

Date: Thursday, March 18, 2010

Time: 5:00 – 7:30 pm

Location: Muskegon High School - Career Center (Rm. 127)

To register call: Judy @ 720-3062 or Portia @ 720-2057

It's never too late to improve a relationship with a child or a teenager. Don't underestimate the great need that children feel – at all ages – for close relationships with their parents and for their parents' guidance, approval, and support.
