Mission

"Our students... career READY!"

- » Create a school culture that embraces learning, producing world-class graduates who are ready to embark upon tomorrow's challenges
- » Use the freedom of our unique charter to adopt innovative teaching methods while being fully accountable for student performance that reflects workplace standards and expectations
- » Partner with local businesses, industries, service providers and colleges to familiarize students with state-of-the-art technology and career related skills
- » Develop skilled and talented students prepared to enter the job market to meet the growing demands of employers

The WayPoint Way (Code of Conduct)

- » Respect myself and others
- » Act responsibly & safely
- » Challenge myself
- » Observe school rules
- » Be ready & prepared

My daughter Erin loves her teachers.
— Paul Brach

"WayPoint is there to help you succeed. I honestly had not found that in the schools that I had gone to previously. You're just not another student. At WayPoint they make it a lot more personal, and they really care about your overall success."

— Christina Apel
(WayPoint Graduate/Pharmaceutical Student)

Parents Care

"WayPoint tries to be there for the kids, not just during school, but at all times. I have not seen a school that shows so much concern for all their students. It is definitely something special."

— James Eubanks

Students Care

"As soon as I stepped into WayPoint, it changed everything. I started getting good grades, and I started hanging out with better people. People who actually wanted to graduate and become a better person." — Karina Mendez

Teachers Care

"I'm thrilled to be involved with our new athletic programs and to see how they have been able to help students academically. I was able to witness one of my players pass English for the first time which was better than a 16-2 basketball season." — Mark Downing

WayPoint Academy believes every child is capable of excelling academically, so we are committed to providing the support our students need to understand and realize their potential.

Why WayPoint

- » Tuition Free
